

## HOW TO BECOME A CHRISTIAN TODAY!

**GOOD NEWS!** God loves and yearns to redeem all people. The Bible clearly outlines the way to become a follower of Jesus Christ:

1. **ADMIT** – Admit to God you are a sinner (you have done things that were wrong). Apologize and turn away from your sins towards God (See Romans 3:23; Romans 6:23; 1 John 1:9; Acts 3:19).
2. **BELIEVE JESUS CHRIST DIED FOR YOU AND GOD HAS RAISED HIM FROM THE DEAD** - Believe that Jesus is God's one and only Son who died on the cross and rose from the dead (See Romans 5:8; Acts 4:12; Acts 16:31a; John 3:16; 1 Peter 3:18; John 14:6).
3. **CONFESS JESUS CHRIST AS YOUR LORD** – Make a spiritual commitment to be a follower of Jesus by trusting Him to be your Savior (Rescuer and Redeemer) and Lord (Ultimate Leader). (See Romans 10:9 and 10; Romans 10:13; Matthew 16:24; Luke 9:23)
4. **DEDICATE YOUR LIFE TO JESUS** - Tell your family and friends about your new faith in Jesus Christ by coming to the front of the Sanctuary at the end of a worship service to publicly announce your decision to be a Christian.

### HOW TO JOIN THIS CHRISTIAN CHURCH!

**COME FORWARD** – Any person professing faith in Jesus Christ as Lord and Savior, accepting Baptist principles, practices, and the covenant of this Christian church may be received into the membership of this church. Upon request to the Pastor, Moderator, or at a meeting of the membership, a person may be received by affirmation of the membership based on:

1. **BELIEVER'S BAPTISM**
2. **LETTER OF TRANSFER** or recommendation from a previous Christian church and prior baptism; or a
3. **SATISFACTORY STATEMENT OF CHRISTIAN FAITH** and prior baptism

Members shall strive to be faithful to Christian principles as set forth in scripture and support the mission of the church through attendance, prayer, service and monetary giving. The *first step* to become a member is to *come forward* during the singing of the last hymn so you can share your decision with the congregation.

Volunteers are needed to ride along with our driver to transport children on Wednesdays and Sundays. Contact Mark Calloway if you would like to volunteer.

**RUMMAGE SALE** - The Middle School Sunday school class (Aaron Poe, Nathen Poe, David Greuter, and Ricky Reyes) are planning to man a table at the May 12<sup>th</sup> parking lot sale. This effort will help fund their church camp experience this summer. If you have gently used items you would like to donate to assist them, I know they would greatly appreciate it. Please let Fran know of any donations so we can properly thank you. Additionally, since none of the participants (including their assistant Fran) have a pick-up truck, for those items not sold at the sale would be returned to the donors for distribution as they so desire. The boys are also planning to sell baked items as well, so if you would like to contribute in that manner, those donations would also be appreciated. (Warning: if any of the food items are not sold, they would most likely be consumed by the boys and not returned.)

## HEALTH ALERT

**AUTOMATED EXTERNAL DEFIBRILLATOR (AED)** – The new Automated External Defibrillator (AED) has arrived. It was installed in the elevator foyer. I will be scheduling a Cardiopulmonary Resuscitation (CPR) class with instructions on using the AED in

May. Please see Pat Carreno if you are willing to be certified in this class. The class will last from two to four hours.

Here is some information why defibrillators are used to save lives. The American Heart Association estimates that in the USA alone, at least 250,000 people die each year of cardiac arrest. About 10,000 of these might have been saved if they had received immediate treatment from a defibrillator. When sudden cardiac arrest occurs, it usually is caused by malfunction in the heart's electrical system. This is called ventricular fibrillation. If this critical condition happens, it prevents the heart from pumping blood throughout the body. Death from ventricular fibrillation can occur in seconds. Defibrillation is a relatively simple procedure that involves placing electrode pads on a person with an exposed chest and delivering an electrical shock to the heart as instructed. This externally delivered shock often will restores the heart's electrical system to normal rhythm. Together with CPR, defibrillation provides the most effective care for victims in cardiac arrest.
