

**LIBERIA, AFRICA**  
 Liberia is the oldest constitutional republic and only Black state in Africa never subjected to colonial rule. It was formed by the U.S. on land acquired for freed slaves and persons born free in 1821. In 1824 the territory was named Liberia, for "love of liberty." Its main city and capital was named Monrovia after US President Monroe. It's estimated population is 5,209,000 people.

## A Sustainable Agricultural Farm Project

**\$8,000.00 GOAL REACHED**

In January 2023, Jessa and I accepted God's invitation to teach English and New Testament Theology at the Liberia Baptist Theological Seminary (LBTS) in Monrovia, Liberia, Africa. We learned first-hand from staff and students about the **shortage of nutritious food in Liberia.**

Students missed class because of malnutrition caused by decades of civil strife, economic uncertainty, and loss of communal learning. The Lord revealed a plan to help! **A Sustainable Agricultural Farming Project.** *With the help of churches and friends in northeast Kansas, we were able to raise the \$8,000.00 needed to build barns, buy birds and pigs, secure feed, train workers, and open a new market to sell much needed eggs and meat to feed the students by increasing the pig breeding program and adding a sustainable poultry project to provide food and income for the community.*

**MEET DANIEL** - Daniel is a passionate follower of Jesus. He carries cases of Bibles for miles into the rural areas of Liberia so every person can read God's Word. **Each Bible costs \$6 US to print and distribute.** A million Bibles are needed to reach the nation. Donate so every tribe and family can receive a Bible - **African Bible Project!**

## Students need Teachers! Teachers need Students!

**SCHOLARSHIPS:** I am delighted God called me to travel 4,500 miles to teach students at the Liberia Baptist Theological Seminary. However, *students cannot attend classes or finish their training to be local church pastors because they lack funds for tuition. A class costs \$580 (undergraduate) to \$1,200 (graduate) per year. Sponsor a student to help them earn an education!*
